Start the New Year Organized: Holiday Clean-up & Simplified Living

The holidays have come and gone and now it's time to transition your home from festive to functional. Taking down holiday decorations doesn't have to be overwhelming. With a little planning, you can pack away the cheer in a way that keeps things organized for next year.

Tips for Storing Holiday Decorations:

1.) Sort Before You Store:

Toss broken ornaments, recycle old lights and donate items you no longer use.

2.) Label Everything:

Use clear bins with labels so you can easily find what you need next season.

3.) Wrap Smart:

Protect fragile items with bubble wrap or tissue paper, and store lights neatly to avoid tangles.

Investing time in a proper holiday takedown now will save you hours of frustration next year!

Simplify Your New Year

Start the year with clarity and focus by embracing a simplified lifestyle.

1.) Declutter Your Spaces:

Tackle one room at a time, focusing on removing items you no longer use or need.

2.) Create Systems That Work:

Whether it's a family calendar, a new filing system or designated donation bins, make organization part of your daily routine.

3.) Set Realistic Goals:

Choose one or two key areas to focus on improving this year instead of overloading yourself with resolutions.
